**THE SYMPOSIUM'S SCOPE:**

- nanocomposites
- composites from recycled materials
- other composites
- recycling of composites

All submitted materials for print in the **COMPOSITES THEORY AND PRACTICE journal** should be genuine copies or printed in other conference's materials equalled to the manuscript and should not contain technological secrets. The condition for allowing to print is submitting the conference or print fee.

**Announcements of the COMPOSITES THEORY AND PRACTICE Editors**

- papers in English should be sand electronically on-line ([www.composites.ptmk.net](http://www.composites.ptmk.net))

Guidelines for authors announced online (<http://www.composites.ptmk.net>)

- the papers submitted by post can be printed as articles or announcements (with authors' permission)
- the authors will be updated currently on the reviewers' opinions
- we expect publications in the areas of composites (books, scripts, conference materials) to be presented in the 'from publishers' column
- we expect information from companies about new studies or composite implementations to be presented in the 'in practice' column.
